A TIMELESS FINGERPRINT

ONE A
ART GALLERY

One A Art Gallery was founded by Engineer Fawaz Al Baker and Architect and Interior Artist Mahmoud Khalifa with the goal to curate the finest and highest quality art pieces produced by some of the most influential art brands in the region and around the world and bring them to One A art gallery in Doha Qatar.

On the journey to achieve that, Stones Luxury, a remarkable and successful Jordanian art brand, caught the attention of One A through the success that Stones Luxury achieved in Saudi Arabia, Bahrain, Kuwait & Oman, and the popularity of their work in their art galleries in Europe, US & GCC.

Between 2022-2023 a partnership between One A Art Gallery & Stones Luxury was formed to bring Stones Luxury to Doha Qatar and make their artworks exclusively available at One A for all art enthusiasts and collectors in Qatar.

Introduction

The creative universe of Stones® has always encompassed many disciplines since its establishment in 2009. Since the beginning, Stones® was not about just the design of well-crafted arts, but a very sentimental bond our clients developed with every art work we produced.

There is a rare occasion when people can be engaged with a product on a level beyond the materialistic — if they form an emotional, personal connection with a product that encompasses their legacy in the world and preserve it forever.

Our products are not time machines or flashy technologies— they are unique vessels that keep a nostalgia of your fingerprint in the world in every place they are used.

Custom tailored for those who wish to keep their legacy for generations to come, our art is hand-crafted from the highest quality, toughest stones in the middle-east to ensure your fingerprint lasts forever.

Be it your home, your office or someone dear to you gift, these art works are hand-crafted with mastery to elegantly carry your presence with luxury for the whole world to witness.

The tale of the Two Brothers

The impossible geometry of the two circles in our logo represents the join of Majd Abu Ghoush and his brother the founders of the Stones brand achieving what seemed impossible to everyone, building a global luxury brand that sells carefully crafted art pieces to the highest profile clients in the world made out of stones using only a saw they acquired with less than a hundred dollars.

Anchored with a Golden Spiral

The Stones Logo is crafted using an impossible geometric shape of a circle unioned with a sans-serif letter S and intersected with the golden spiral with a perfect precision making the ratio of the negative space in the logo and the filled space is equal to the sum of both of them over the larger (the filled space) $a+b/a = a/b$

STONES

The signature Arts of Stones Luxury.

Transform your living space into a stunning masterpiece with our exquisite collection of stone sculptures. Made from premium quality materials, each sculpture is crafted with precision and care to elevate the aesthetic appeal of your interiors.

The benefits of incorporating stone sculptures into your home are boundless. Not only do they add a touch of elegance and sophistication to any space, but they also create a sense of tranquility and harmony. The unique natural patterns and textures of the stone make each sculpture one-of-a-kind, adding character and personality to your home décor.

Our stone sculptures are not only visually appealing, but they also have a calming effect on the mind and body. The natural properties of the stone help to promote relaxation and reduce stress, creating a peaceful environment for you to unwind in after a long day.

In addition to their aesthetic and therapeutic benefits, stone sculptures are also a sustainable and eco-friendly choice for home décor. They are durable and long-lasting, meaning that they can be enjoyed for years to come without the need for replacements or repairs.

SISHU 01 *a lighting unit*

DESCRIPTION

The Sishu lighting unit is a remarkable art piece handcrafted from basalt combined with a touch of copper material. This unique design, named "sishu," is inspired by the traditional tribal art of the Arabian peninsula. The rocks are skillfully arranged to form a visually appealing structure, reminiscent of a totem pole or a stylized sculpture. The contrast between the dark, rough basalt rocks and the shiny copper accents adds depth and interest to the piece.

The artwork is illuminated by a light source from within, casting a warm glow on the surrounding area and emphasizing the intricate patterns and textures of the rock arrangement. This lighting unit serves as a captivating conversation piece and a beautiful addition to any space, blending modern aesthetics with traditional craftsmanship.

The image depicts a sophisticated, multi-level interior space, likely a lobby or atrium. The central focus is a large, intricate chandelier composed of numerous circular, metallic elements of varying sizes, suspended from the ceiling. Below the chandelier, a large, vertical wall sculpture made of dark, leaf-like shapes is mounted on a light-colored, textured wall. The space is characterized by high ceilings, wooden accents, and glass railings on the upper levels. The overall aesthetic is modern and luxurious.
